

Religious Life and Learning
Program Request Proposal
Adult Learning Council

The Adult Learning Council oversees many educational programs in the life of the church. Given the need for coordination of facilities, volunteers, and office support, the Adult Learning Council requests that anyone suggesting the development of a potential church-sponsored program submit a written program proposal containing the following information:

1. Name and contact information of person submitting the proposal:

2. A Program Description, including leader name and learning objectives:

3. Briefly describe how you believe this program fits into the Mission, Vision and Beliefs of First Community Church, or the emphasis of the Adult Learning Council:

4. Does this program build on a previous program, and if so, how? What appeal would it have to participants of the previous program? And/or, who do you think this program will appeal to?

5. Propose a timeline: one-time event or a series? Starting and ending dates? Projected time and day of the week when held? Etc.

6. Is a special curriculum or book to be used?
