

The Burkhart Center (TBC) is a life-long learning community curating experiences to help individuals navigate their journey toward personal development and wellbeing. We welcome people from all traditions and from no tradition. We provide a sacred space to explore the reaches of mind-body-spirit connection and inter-spiritual practices for healing the soul and the world.

We invite you to submit a proposal to share your wisdom and expertise.

We encourage interactive and experiential presentation methods that:

Inform and enlighten the mind

Create safe space for insights to arise from the heart

Support wellbeing through mindfulness practices

Foster a deepening connection to the true self, the divine, and each other
